BOOK A MEETING

HADEAN DEFENCE

# AI-POWERED SPATIAL COMPUTING

## IN AN UNCERTAIN WORLD, LEADERS MUST MAKE DECISIONS WITH CERTAINTY.

Near-peer conflict and asymmetric warfare must be met with effective training and operations. To face the battlespace of the 21st century, defence must modernise.

### BRIDGE PHYSICAL & DIGITAL WORLDS FOR TRAINING, DECISIONS AND STRATEGY.

Hadean is a super-orchestrator that seamlessly integrates domains, systems and technologies.

# HADEAN CAREERS

Join Us On Our Mission To Bridge Physical  
And Virtual Worlds.

[OPEN POSITIONS](#)

## WHY CHOOSE HADEAN FOR YOUR NEXT CAREER MOVE?

Hadean was founded to solve some of the world’s most complex problems. Our people collaborate on cutting-edge projects, harnessing the power of spatial computing technology and AI, to redefine industries.

From powering large-scale immersive experiences for communities to enhancing military training and decision support, Hadean is the bridge between truly blended physical and virtual worlds.

## LIFE AT HADEAN

Working at Hadean means thinking big – both in your day to day and in your professional development. With us, you’ll have the autonomy to grow your career and will be supported to achieve your goals whatever career path you choose to take with us.

We are bold and tackle challenges head on – principles that we apply to every problem we solve for our partners and customers. At Hadean, we work and succeed together as a team and everyone is empowered to contribute no matter what your role or position is.

## JOIN OUR RECORD BREAKING, AWARD WINNING TEAM

## EMPLOYEE TESTIMONIALS

Every day I’m challenged to think beyond what is possible to build solutions that will future-proof our clients’ businesses.

XX Engineering

I was interested in taking on a new challenge so asked to take on a new role. Since switching teams, I’ve developed new skills and built new connections. I feel secure knowing that I’m supported to grow my career in the way that makes most sense to me.
