PROFESSIONAL PROFILE

A versatile Digital Web Specialist with 5+ years of experience in web design and development, building, maintaining, and optimising sites for various agencies and in-house teams. Also helped deliver digital marketing solutions that improve user experience, search visibility, and business performance. Well experienced in WordPress development, front-end technologies, SEO, website administration, UX/UI design, and analytics. Skilled in building responsive, SEO-friendly websites, maintaining CMS platforms, analysing and reporting website performance, and creating engaging digital experiences. Overall, I enjoy bringing blank pages to life by transforming ideas into high-performing, user-focused websites.
