PROFESSIONAL PROFILE

Versatile Digital Web Specialist with over four years of experience developing and maintaining websites, delivering digital marketing solutions that improve user experience, search visibility, and business performance. Experienced in WordPress development, front-end technologies, SEO, website administration, UX/UI design, and analytics. Skilled at building responsive, SEO-friendly websites, maintaining CMS platforms, analysing and reporting website performance, and creating engaging digital experiences. I enjoy bringing blank pages to life by transforming ideas into high-performing, user-focused websites.

CORE SKILLS

Web Development: WordPress • WordPress Multisite • WooCommerce • Elementor • WPBakery • Gutenberg • HTML5 • CSS/SCSS • JavaScript • PHP • MySQL • PHPMYADMIN • ACF • GitHub • Bitbucket • Website Maintenance • Domain Management

SEO & Analytics: Technical SEO • On-page SEO • SEO Audits • Keyword Research • Google Analytics • Google Search Console • Google Ads • SEMrush • Hotjar • Looker Studio • Lighthouse • CRO • Performance Optimisation • Hubspot

UX & Design: Figma • Adobe Creative Suite (Premiere Pro, Photoshop, Illustrator, After Effects, Adobe XD, InDesign) • UX/UI Design • Landing Pages • Responsive Design • Content Management • Stakeholder Collaboration

Other: Powerpoint • Excel • Word • Google sites • Squarespace • Shopify • Teamwork and Individual work • Social media platforms • Deadline management • Monday.com • Jira
